

Technical data sheet

Aramid fabric Type 282

PROPERTIES	SPECIFICATION	STANDARD
Material	Kevlar 1270 dtex	UNI 9275:1988
Fabric construction (ends/picks per cm)	6,7 x 6,7 ± 0,3	UNI EN 1049-2:1996
Areal weight	173 g/m ² ± 4%	UNI EN 12127:1999
Fabric thickness	250 µm ± 15%	UNI EN ISO 5084:1998
Weave	TWILL 2/2	UNI 8099:1980
Tensile strength	1140 N/cm	UNI EN ISO 13934-1:2000
Finishing	Fabric can be supplied Loomstate, Scoured or Water-Repellent	UNI EN 24920:1993 AATCC-118:1989
Storage	Keep the material in the original packaging in clean and dry place	
Notes		

This information is indicative of present standard production: it might be changed and doesn't confirm contractual liabilities.
